Workspace design brief

Revision B | 08 April 2026

A calmer space for focused work and small conversations.

01 Natural light and clear sightlines

Six workstations, positioned away from the circulation route.

02 A meeting nook that stays flexible

A four-seat table with movable chairs and acoustic panels.

03 Storage without clutter

Low shelving, labeled materials, and a shared reference area.

NEXT STEPS

Confirm layout, approve finishes, and finalize the delivery plan.

Fictional example content - no real project or financial records.
